

# STAKEHOLDER INTERVIEW

## SOCIAL HOST

*Hi my name is \_\_\_\_\_ and I'm a student at [school] and part of a program called Engaging Youth For Positive Change. We are working to promote a healthy, substance free lifestyle among our peers and to create a caring community free from substance abuse. We're interviewing local trustees to ask about their opinions on social host ordinances.*

*When law enforcement officials arrive on the scene of an underage drinking party, it's often difficult to determine who provided the alcohol. Social host ordinances give communities a practical tool for holding adults accountable as the focus is on where the drinking takes place, rather than who provided the alcohol.*

*Information gathered with these interviews will guide our group on how to present and provide education to elected officials on the topics of underage drinking and community alcohol ordinances.*
